What is “Word Sneak”?

The aim is to try and have a normal conversation and without breaking the flow sneak the hidden word into what you say. When each word is said, place your used card down.

The first person to use all their words wins!

[Watch an Example](#)

How to Play

1. Get into pairs
2. Each person picks up their pack of cards
3. Have a 'normal' conversation
4. 'Sneak' your words into the conversation (one by one) without being noticed
5. The first person to get through all their words wins the game!
